# Assessment Record for determining teacher assessed grades in Summer 2021

## Background

Every centre must produce an Assessment Record for each subject cohort, that includes the sources of the assessment evidence being used and the rationale for the choice of evidence, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students must also be recorded.

Your Assessment Records must take account of the guidance provided in the document: *JCQ Guidance on the determination of grades for A/AS Levels and GCSEs for summer 2021*

## **Assessment Evidence Form**

**[To be completed by the Head of Department for each subject, for each level (e.g. GCSE Maths, AS Maths and A Level Maths would require separate grids)]**

Please detail the assessments used for the subject cohort (i.e. assessment resource, mock examination, controlled assessment, homework etc.). The Assessment Evidence Form should include the sources of the assessment evidence being used and the rationale for the choice of evidence, the level of control under which assessments were completed (i.e. exam-type conditions would provide a high degree of control), and any other evidence that explains the determination of the final teacher assessed grades.

*Note: Ideally, the evidence used will be consistent across the class or cohort but that may not always be the case if a student has missed some teaching, or one or more assessments, for valid reasons. Any necessary variations for individual students should be recorded using the additional form below.*

Indicate which assessment objectives were covered in each piece of assessment evidence (Y/N), and whether the assessment was conducted with a High (H), Medium (M) or Limited (L) level of control.

<i>[add/delete as necessary]</i>														
<p><b>If an assessment objective has been omitted at subject cohort level please briefly outline the reasons why:-</b>            In line with instructions provided by OCR, pupils on the CNAT Sport Science course were allowed to provide 3 units of evidence in place of the usual 4. All assessment objectives were covered for all of the units submitted.</p>														
<p><b>Outline the rationale for the choice of assessment evidence used, i.e. why the evidence above was used and how it supported the grading decision:-</b>            Due to the coursework nature of this qualification, all pupils continued to produce their evidence at home during lockdowns and in school upon their return, in line with instructions/rules provided by OCR.            MCL's class produced evidence for RO42 and RO43 and ACA's class produced evidence for RO42 and RO45 respectively.            Both classes had already sat their RO41 POT unit exam in yr 9 so this made up the 3<sup>rd</sup> and final unit for all bar one pupil.</p>														

KJ joined the group in yr 10 so had not had the opportunity to sit the RO41 exam. Her grade for this unit came from her performance in the Jan 2020 and Jan 2021 full papers that she sat in May 2021 when back in school. These were both marked and re-marked by two different members of PE staff.
